# Edward Tufte Visual Display Quantitative Information

**expert color choices - stonesc** - expert color choices for presenting data maureen stone, stonessoup consulting the problem of choosing colors for data visualization is expressed by this quote from **presentation zen - garr reynolds official site** - presentation zen how to design & deliver presentations like a pro by garr reynolds (info@garreynolds) this brief handout, highlights many of the key points made in my recent presentations and seminars on **the art and science of creating great presentations - duarte** - 40 slide:ology sketching complete ideas now that you've generated several ideas, begin to sketch pictures or scenes from them. these sketches become visual trig- **lies, damned article lies, and statistics - jaymesokolow** - the use and abuse of numbers another problem is the pictorial representation of numbers. as edward tufte demonstrated in his the visual display of quantitative information
